

FEP tp, AWG 14/37 600V, +205°C

Construction:

- Conductor: AWG14 (37x0,254mm) tin plated copper
- tin coating: V3
- cross section: 1,87 qmm
- Insulation material: FEP
- Outer diameter: 2,85 +/- 0,15 mm

Technical Data

- Rated temperature: -90°C bis +205°C
- Rated voltage: 600 V / 1000 V
- Prüfspannung: 3000 V
- min. bending radius
 - fixed: 8 x Diameter
 - flexible: 14 x Diameter

Single-core cable with high electrical, chemical and thermal qualities

Articlenummer: 5761143710
